Working standards

«Stepanovski, Papakul and Partners. Legal services» LLC ensures protection of Clients' interests and works in line with the following standards:

- Effective solutions;
- Appropriate rates;
- Clear approach during the process.

Insurance

«Stepanovski, Papakul and Partners. Legal services» LLC takes out and maintains professional liability insurance with coverage of 600 000 USD.

Clients relationship principles

- Our company sticks to the **principle of specialization** while providing assistance to the Clients.
- According to this principle our company is **structurally divided into several practices**, where lawyers are specialized on narrow areas of law.
- In case a project requires an expert examination by lawyers from several practices, **a project team is formed**. Each employee of our company on the team provides analysis of the legal aspects that lie within his expertise.

Chambers Global / Europe. Clients about us:

«They are always diving deep in the issues and trying to find the most optimal way to resolve it».

«Very pleasant to work with them».

Alexander Stepanovski «is singled out by sources as a very good organizer and leader. He is particularly adept at handling corporate compliance and insolvency cases».

Valery Papakul «is a very good lawyer with a very good reputation, and that he brings a great deal of experience to mandates. He is commended for his work on restructuring and compliance matters».

Tatiana Ignatovskaya «is an active presence in telecommunications cases. She is also recommended for her work in the energy and natural resources sector, as well as for her representation of international investors».

Elena Sapego «is noted for both her representation of foreign investors and her familiarity with complex taxation matters. She earns further praise for her knowledge of currency control and regulations».

Alexander Labaty «knows how to manage all the risks and can explain complex things with simple words. He is always in contact and never fails to inspire us with confidence».
